

HOLIDAY NAXOS

Better than home...

....News from Greece & Naxos

Blue Star arriving.....

This is how we all like to see it arriving, but during winter the weather can become very rough and the ferries sometime have to remain in Piraeus. Today sunny and nice on naxos, tomorrow no ferries!

It's Official. Tourists are Happiest in Greece!

Greece once again tops the list of Mediterranean countries for overall tourist satisfaction, according to the latest data indices.

The so-called general satisfaction index (GRI), based entirely on customer feedback, is especially encouraging for Greek tourism, as it continues to recover from two years of disruption due to the Covid-19 pandemic.

Calculated by ReviewPro and processed by the Institute of the Greek Tourism Confederation (INSETE), the GRI for Greece in 2022 was 87%, with Cyprus in second place at 85.6%. The index, which gathers its data from hundreds of social media platforms, hotel review websites and online travel agents, analyzes a range of comparative indicators, including hotels, service, food and drink, entertainment, hotel cleanliness, location, and value-for-money. A score above 80% indicates a positive experience.

Eat Greek

An important part of visiting new places is to try out new cuisines. Greek food is among the best of the best. Saganaki is very easy to make and always a hit as starter or main dish.

..... OK we know it has just been Christmas and we all might have taken a kilo or two, but who can resist???

 19.09.2022 - What an amazing place! We loved having the pool and hot tub. Make sure you have Whats App for communication with the hosts. Great location, quiet but close enough to drive into Chora or the beach towns quickly.
 Clean, lovely, comfortable. - 🚫 Posted on [Airbnb](#)

 25.07.2022 - Super comfortable house - We spent 2 weeks in Unica villa. The house is located in a quiet area with a beautiful sea view on the sea. 10/15 mn driving distance to the beaches mikri vigla and kastraki where we found good taverns. The swimming pool is really big and the outside area very well equipped. Complete blackout curtains would be appreciated. We had a nice time there. Special thank to Mathios who gave us all answers 🙌 Posted on [Vibo](#)

 03.07.2022 - Hands down the best Airbnb we've ever stayed in. The house is 100 meters to Plaka Beach and a 15 minute drive from Naxos Town (Chora). The house is beautifully appointed and fully stocked with kitchenware (pots, pans, plates, glasses, and your choice of coffee maker) so you can actually dine in if desired. All the rooms are spacious (our kids especially loved the bunkhouse), the home is solidly constructed, and the pool and lanai were perfect for lounging and all fresco dining. Each of the 5 bedrooms has its own separate entrance and AC unit. Mattheos and Sophia were the local property managers and they routinely checked in on us to ensure we were comfortable and everything we needed. Wonderful home and hosts! 🚫 Posted on [Airbnb](#)

Details from our Villas

This time we are showing you our pools and hot tubs. Even if our villas are near the sea, a beautiful pool at the house is nice for everybody and in particular if you are travelling with kids. The hot tubs are nice for an early morning "massage" and/or a late evening relax.
